Look At Me
Look At You
Now Look At Me Again
See We’re Not So Different
Look Around
Take What You See
With Throwing Things Outside Our Window
We Don’t Care To Keep It Clean

I Had A Dream
Beauty Was Only Skin Deep
If We All Just Believe
That Is All We Need
Nothing Else Can Set You Free

[Demi Lovato]
Do You Remember At All
People Walking Hand In Hand

Can We Feel That Love Again
Can You Imagine It All
If We All Could Get Along
Then We All Could Sing This Song Together
Oh Oh Oh Oh Oh Oh Oh Oh Oh Oh
Singing
Oh Oh Oh Oh Oh Oh Oh Oh Oh Oh Oh
This slight test words you said Have all gone to my

head I hear an gels sing In your voice

when you pull me close Feels I've never

known They mean every thing leave me no choice
Light on my heart

Light on my feet

Light in your eyes I

can't even speak do you even know

how you make me weak

I'm a light weight

Better be careful what you say

With every word I'm blown away

You're in control of my heart

I'm a light weight
35 Easy to fall easy to break
With every move my whole

38 World shakes
Keep me from falling a part

42 Drowned drowned in your love
Its almost

47 All too much
Handle with care

51 Say you'll be there
Oh I'm a
Lightweight

Better be careful what you say
With every word I'm blown away.
You're in control of my heart.

A light weight easy to fall easy to break.

With every move my whole world shakes.
Keep me from falling a part.
Keep me from falling a part.
Make a promise, please
You’ll always be in reach
Just in case I need
You there when I call
This is all so new
Seems too good to be true
Could this really be
A safe place to fall

Light on my heart, light on my feet
Light in your eyes I can’t even speak
Do you even know how you make me weak, oh whoa?

I’m a lightweight
Better be careful what you say
With every word I’m blown away
You’re in control of my heart
I’m a lightweight
Easy to fall, easy to break
With every move my whole world shakes
Keep me from falling apart
Keep me from falling down

Little piece of me

I'm gonna say it like it's never been spoken

Tonight tonight

I'm letting go...
So played out
The same lies with a different face
But there's something in the words you say
That makes it all feel so real
I'm gonna love you like I've never been broken
I'm gonna say it like it's never been spoken
Tonight, tonight I'm letting go, go, go, go
I'm gonna give it like it's never been taken
I'm gonna fall like I don't need saving
Tonight, tonight I'm letting go, go, go, go

Have n't I passed the test?
When will you realize?

Baby I'm not like the rest
Don't wanna break your heart
Wanna give your heart a break  I know you're scared, it's wrong  Like you might make a mistake

There's just one life to live  and there's no time to wait, no time to waste  So let me give your heart a break

Give your heart a break  Let me give your heart a break

Oh yeah yeah

To Coda
you went home alone
There were tears in your eyes

I called your cell phone, my love

but you did not reply
The world is ours if you want it

We can take it if you just take my hand
There's no turn -
Regretting back now
Baby, try to understand

There's just so much you can take
Give your heart a break
Let me give your heart a break
Oh yeah, yeah

When your lips are on my lips
And our hearts beat as
There's just one life to live And there's no time to wait, to waste So let me give your heart a break 'Cuz you've been hurt before I can see it in your eyes

You try to smile it away Some things you can't disguise Don't wanna break your heart

Ba-by I can ease the ache, the ache So let me give your heart a break
Give your heart a break
Let me give your heart a break
There's just so much you can take
Give your heart a break
The day I first met you
You told me you'd never fall in love
Oh yeah yeah
Your heart a break
The day I first met you
You told me you'd never fall in love

In real life I'm waking up alone it's one more night you did not make it home and

one more time you won't pick up the phone In real life you never bring me flowers

When you're here it's only for an hour I'm getting used to being on my own

Because in real life you're not what I thought real life this is not what I want
Guess things aren't always what they seem
But in my dreams I'm waking up to roses
Champagne kisses and I know it's always always gonna be
Gonna be this way
In my dreams you're standing right beside me
Two hearts finally colliding
Then I wake up and realize
This is real life
Just when I thought this was all
real life could be yeah some body came a long and made

the dream reality And now in

real life Im waking up to roses Champagne kisses and I know its always always gonna be

gonna be this way In my dreams hes standing right beside me Two hearts finally colliding

When I wake up I realize this is real life real life this is real
In real life, it doesn’t always work out
People fall, and loving than they fall out.
Hearts can break and never make a sound
Because in real life,
You’re not what I thought
Real life
This isn’t what I want
Guess things aren’t always what they seem
But in my dreams I’m waking up to roses
Champagne, kisses and I know it’s always
Always gonna be
Gonna be this way
In my dreams you’re standing right beside me
Two hearts finally colliding
Then I wake up
And realize, realize, this is real life
Real life, this is real life
